To Whom It May Concern:

I have had the pleasure to work with Scott Wheeler with SFI Group over the last 5+ years. SFI Group is organized, professional, and dedicated to understanding each client's individual needs. Purchasing an insurance policy these days is not an easy task, SFI Group makes this task much easier by identifying their clients and their needs. SFI Group provides the best level of customer service one could ask for, they go above and beyond their call of duty to ensure that all homeowners are informed and comfortable with the services being offered. All aspects of the policies are explained to where they can easily be understood and Scott is always willing to attend Board meetings to answer all questions and concerns of the homeowners.

Because of Scott Wheeler and SFI Group, I feel 100% confident that I have made the right choices for my clients and for myself regarding Insurance policies. I look forward to a long-standing relationship with SFI Group. Needless to say, I would highly recommend SFI Group to anyone looking for an honest broker who gives valuable advice.

Sincerely,
Elizabeth Parker
