To any HOA looking for the right insurance provider and partner,

We highly recommend Scott and Michelle Wheeler and their team at the SFI Insurance Group.

When you work with them, you gain a valuable relationship that includes the right expertise to help guide, plan, prepare, budget, and they go to bat on your behalf.

SFI understands the needs of an HOA, the intricacies of condominium properties, the reality of coastal living, and how to best insure your assets, and your board. They are also engaged, active, and helpful with all the owners and members by arming them with the knowledge and information to make informed decisions.

The Topsail Dunes HOA Board has made SFI its choice of insurance for over a decade. In that time our HOA dues have gone down, premiums kept to acceptable levels, and policy coverage expanded to include many important but often ignored components of property and HOA's.

SFI has and is always accessible, ready to help. They have treated us like their most important customer, and we hear testimonials from others that say the same thing. You can pick up the phone and speak with them. They will meet with your board to participate with your planning.

Life has its way of throwing curve balls. Through the ups, downs, and turns that include weather and incidents, SFI is a resource you will want working for you.

Respectfully,
Scott Franko
Topsail Dunes Board Member
